Why 3 on 3?

- Better spacing
- Players touch the ball more often
- More 1 on 1 opportunities on both ends of the court
- No sets or systems - players read and react

Our Focus...

...is to give young athletes the opportunity to grow as basketball players in a **non-traditional setting**. We provide a structured, low-pressure environment where players can **experience and learn the game** in new and fun way!

“Dutch saw basketball as a way to bring people together. This league is working hard to give athletes a place to enjoy and develop their game.”

- Jordan Baker (League Director and player under Coach Holland from '06-'09)

****The league is open to both male and female teams. If you are a girls team looking to register, please contact Paul Kuperus at paul.kuperus@epsb.ca****
